ABSTRACT'S REVIEW

Each abstract is valued with a double peer review procedure; in case of conflicting opinion the text is sent to a third expert; in any case, the final decision is taken by the Director and the Scientific Editorial Board of the Journal.

The judgment of merit must be expressed even if the author's positions are not shared.

Title of the abstract

Name and Surname of the Reviewer _____

Date of the review _____

The topic belongs to the fields of interest of the journal and is consistent with the call

- addresses new theoretical areas and/or draws new interdisciplinary connections
